Successful Closure of Capital Increase

Buonas, 4th Nov. 2010 – MAC Capital AG reports the successful closure of a capital increase of 3 million euros. With this capital investment, the newly won investors follow a long-term perspective as strategic investors.

The capital will be invested in a 50% shareholding in a 3.3 megawatt photovoltaic installation in Germany, among other things.

Regular earnings are achieved this way.

In addition, there is a plan to establish additional subsidiaries abroad in Europe for the areas of photovoltaics and progressive water technologies.

Harmut Thome, President of the Administrative Board: "We are very happy to have been able to generate enthusiasm in additional important and long-term oriented strategic investors for MAC Capital AG with our business concept."

Future capital increases are planned at a considerably higher share price than the current one.
